

# Priory Primary School

## November 2015

Just a few of the many photos which were taken during a very successful Year 6 Residential in September. Well done to all of the Year 6 who threw themselves into every activity with great gusto, and thank you to all of the staff and Governors who accompanied the children.

2014/15 was a very successful year for Priory Primary. Since the beginning of the year we have received letters acknowledging Priory's success, including a letter from Nick Gibb, Minister of State for School Reform, congratulating the school on results achieved last year which placed Priory in the top 2% of all schools nationally. Well done to all of our children, their families, and our staff and Governors. This year promises to be another super year—started off in style by the Year 6 Residential. Preparations for Christmas are underway—I hope that we will see you for the Carol Singing on Monday 30th November.

Miss Plunkett, Head teacher
